When it is in the running for h

SportClinique is a multidisciplinary approach for the assessment, diagnosis and treatment of all the pathologies linked to both competitive and amateur sports activities

The SportClinique owes its beginnings to the coming together of a multi-discipline team with proven experience in the sports medicine field.

Our corporate philosophy is based on promptness, fast tracks for athletes, 24h on-call specialists, ultra-modern technology and equipment.

- 24h specialist services for sports medicine and traumatology
- Fitness visits for competitive and non-competitive sports
- 24h Trauma Center
- Orthopaedic surgery
- Post-trauma and post-surgery rehabilitation
- Infiltrative therapies and growth factors
- Diagnostic imaging
- Laboratory tests
- Specialist visits
- Diagnostic examinations
- Physiotherapy
- Dietology and sports nutrition
- Health management of infirmaries for sports events

Companies certified  
with ISO 9001:2015  
Quality Management System

**SportClinique knows how it is essential that  
an athlete is treated promptly by specialized  
professionals.**

**For us, every athlete is a champion.**
